**USING A PHOTOGRAPH OR VIDEO OF A STUDENT**

Students may occasionally appear in photographs and videos taken by school staff members, other students, or other individuals that may be authorized by the Superintendent. The school may use these pictures, without identifying the student, in various publications, including the yearbook; school newspaper, and school website. No consent or notice is needed or will be given before the school uses pictures of unnamed students taken while they are at school or a school-related activity.

Many times the school will want to identify a student in a school picture. School officials want to acknowledge those students who participate in a school activity or deserve special recognition. In order for the school to publish a picture with a student identified by name, a parent signature will be needed. Please complete and sign this form to allow the school to publish or otherwise use photographs and videos, with your child or ward identified, while he or she is enrolled in this school.

While the school limits access to school buildings by outside photographers, the school has no control over news media or other entities that may publish a picture of a named or unnamed student. School staff members will not, however, identify a student for an outside photographer.

**I grant consent to Bluford Unit School District# 318 to identify a picture of my child or ward, by full name and/or the school he or she attends, in any school sponsored material publication, video, or website. This consent is valid for the entire time my child or ward is enrolled in Bluford Unit School District# 318. I may revoke this consent at any time by notifying school office personnel.**
